

PROJECT RESURRECTION

I believe in the resurrection of the body, says the Apostle's Creed, one of the earliest known confessions of the Christian Church. Christians down through ages have always believed in the resurrection.

In *Project Resurrection*, each Care Group is invited to work together to answer the following questions:

- What is the resurrection?
- When will the resurrection take place?
- How can we be sure that the resurrection will take place?
- What is the difference between the various people mentioned in the Gospels who were raised from the dead (e.g. Lazarus, Jarius' daughter, son of the widow of Nain) and the resurrection of Jesus/Christians?
- How important is this belief in the resurrection? Explain.
- What are some of the practical implications of the resurrection?

The **purpose** of this project is to help every member of the Care Group to clarify and solidify our belief in this cardinal doctrine of the Christian Faith.

Use your Bible and the various Bible Study tools available to help you.

You will be given two ACE sessions to meet as a group to work on this project.

Project submission time: At the end of the second ACE session.

Looking forward to *our* resurrection because of *His*,
